II. Our Values

In this highly competitive global marketplace, successful companies are defined not only by what they make and sell, but also by who they are and what they stand for. ML Macadamia Orchards, L. P.'s commitment to ethical behavior and doing business with integrity are at the heart of our corporate character. The following set of values serves as a daily guide to operating with integrity in this complex environment in which we do business:

Customer Service

We deliver outstanding value to our customers. Only by serving our customers well do we justify our existence as a business. We view our success as dependent on our customers' success, both now and in the future.

Accountability

We keep our commitments to our stakeholders. We earn the confidence of our stakeholders by acting with integrity and behaving ethically. We do what we say we will do.

Diversity

Our value as a company is realized by recognizing the value of each individual. We embrace diversity as a competitive advantage essential to our success.

Community

We are a Hawaii based company with all of our assets and employees on the Big Island. We are committed to embracing and supporting our cultural heritage and local community.

Corporate Values

ML Macadamia Orchards, L. P.'s values, as further illustrated in *Doing Business with Integrity*, shape the behavior and decisions of all ML Macadamia Orchards, L. P. directors, officers and employees. Our values apply to the way we deal with our customers, our partners, our suppliers, the communities in which we work and live and - most of all - one another. We recognize that integrity and customer satisfaction go hand in hand.

Among other things, *Doing Business with Integrity* requires that we behave in law-abiding and ethical ways, that we comply with our corporate policies in all our business relationships, dealings and activities, and that we share these expectations with our business partners, contractors and consultants. *Doing Business with Integrity* should be followed even when it seems that violating it would be to ML Macadamia Orchards, L. P.'s advantage.

Doing Business with Integrity touches every aspect of our lives at ML Macadamia Orchards, L. P.:

- ∞ Our relationships with customers and suppliers;
- ∞ Our relationships with competitors;
- ∞ Our relationships with colleagues;
- ∞ Our commitment to promoting the interests of ML Macadamia Orchards, L. P. and safeguarding the assets of ML Macadamia Orchards, L. P.;
- ∞ Our relationships with the broader community; and
- ∞ Our respect for and adherence to the laws of the state and country in which ML Macadamia Orchards, L. P. operates.

Failure to comply with this Code of Conduct and other company policies may result in disciplinary action, up to and including dismissal.

III. Customers & Suppliers

A. Customers - We are committed to maintaining our customers' trust

1. Truthful and Accurate Communications

ML Macadamia Orchards, L. P. people compete vigorously, but fairly and ethically. It is our policy not to misrepresent our product or capabilities. Where silence about a fact could mislead a customer, it is our policy to disclose the information. ML Macadamia Orchards, L. P. people communicate clearly and precisely so that customers understand the terms of our contracts, including terms, prices and responsibilities.

To maintain our customers' hard-won trust, our communications must always accurately and fairly describe our product and services. Deceptive communications would be a serious disservice to our customers and could hurt ML Macadamia Orchards, L. P.'s good name. These principles also apply to discussions of competitors on our internal web sites and e-mails.

2. Commercial Bribery

It is our policy to compete for business fairly and on the merits of ML Macadamia Orchards, L. P.'s products and services, as well as the skill of our employees. Commercial bribery violates ML Macadamia Orchards, L. P.'s policy as well as the laws of many countries. Any bribe or improper payment by an employee or an ML Macadamia Orchards, L. P. agent or representative to ML Macadamia Orchards, L. P.'s customers or suppliers could subject the company employee to severe discipline, including possible termination, and to possible criminal prosecution. Similarly, accepting a bribe, improper payment or benefit is prohibited. However, gifts, entertainment or other favors may be accepted, but only if they are expressly permitted under applicable laws and company policy.

IV. Competitors

A. Suppliers - Based on Merit

1. Select Suppliers Solely on Their Ability to Help ML Macadamia Orchards, L. P. Meet its Business Objectives

It is our policy to choose our suppliers based on merit, considering, among other things, price, quality, delivery capability and reputation for service and integrity, not on personal relationships or other irrelevant conditions.

2. Selecting Agents, Consultants and Other Representatives

It is ML Macadamia Orchards, L. P.'s policy to require agents, consultants and other third parties representing the company to perform in compliance with applicable laws and to conduct their business in a manner consistent with the principles in *Doing Business with Integrity* and applicable ML Macadamia Orchards, L. P. policies. Agents, consultants and representatives cannot do indirectly what ML Macadamia Orchards, L. P.'s directors, officers and employees are legally prohibited from doing directly. Therefore, if you know or suspect that any agent, consultant or representative has conducted or will conduct business for or on behalf of ML Macadamia Orchards, L. P. in an unethical or illegal manner, contact your supervisor or ML Macadamia Orchards, L. P. Security immediately.

B. Competitors

1. Agreements with Competitors

You should never enter into agreements that are so harmful to customers that they are absolutely prohibited by ML Macadamia Orchards, L. P. policy. Examples include:

- ∞ Agreements or understandings with competitors on price; agreements or understandings with competitors to "divide up" customers, products, services or territories;
- ∞ Agreements or understandings with competitors to limit the supply or production of any product or service;
- ∞ Agreements or understandings with competitors to disadvantage other competitors.

Parties entering into these types of agreements can be criminally prosecuted in the United States, and under civil and/or criminal laws applicable elsewhere. U.S. penalties, for example, may result in significant fines for corporations, and fines and jail time for employees involved.

You should keep in mind that the obligation to avoid even an appearance of impropriety applies in business settings as well as to communications with competitors in casual social settings (golf games, civic events, etc.). There are no off-the-record discussions with competitors. In addition, in many cases a supplier in one market may be a competitor in another. Conversations that are wholly appropriate in the context of a supplier relationship may be inappropriate when discussions shift to issues relating to areas of competition.

There are other activities that under certain circumstances might also violate U.S. and other national antitrust or competition laws, such as:

- ∞ Agreements with suppliers or customers not to do business with others;
- ∞ Certain exclusive dealing arrangements;
- ∞ Charging prices that are below cost.

2. Employ Only Ethical Means of Obtaining Information About Our Competitors

a. Competitive Information Gathering

Gathering information about competitors, when done properly, is a legitimate business activity. It enhances our knowledge of the marketplaces and helps us understand and meet customer needs. Competitive information, however, should not be obtained, directly or indirectly, by improper means, such as: misappropriating trade secrets or other confidential information; bribery; inducing someone to breach a nondisclosure agreement; making improper requests of a competitor or customer; using material from an unknown or questionable source; or by using deceit or trickery.

Improperly collecting or using competitive information may subject ML Macadamia Orchards, L. P. and the individuals involved to lawsuits or criminal penalties, up to and including imprisonment. If we retain consultants to gather competitive information on our behalf, the same rules apply.

V. Our Colleagues

A. We Recognize and Respect the Diversity of our Colleagues and Have A Strongly Enforced Policy for Acts or Practices of Discrimination or Harassment

ML Macadamia Orchards, L. P. is committed to providing a work environment that nurtures each employee as an individual and an important member of the culturally diverse, ML Macadamia Orchards, L. P. team. In keeping with this commitment and our value of mutual respect, ML Macadamia Orchards, L. P. is committed to providing a work environment free from discrimination based on race, color, religion, national origin, sex, age, disability, sexual preference or orientation, marital status or any other unlawful factor. This means that we comply with applicable civil rights and employment legislation at the local, state and national levels, and we do not discriminate unlawfully in any aspect of employment, including recruiting, hiring, compensation, promotion or termination. It also means that ML Macadamia Orchards, L. P. does not permit conduct that creates an intimidating, hostile or offensive work environment, whether at an ML Macadamia Orchards, L. P. location or at an activity sponsored by ML Macadamia Orchards, L. P. This conduct includes, but is not limited to: racist, sexist, ethnic or homophobic comments or jokes; sexual advances or inappropriate physical contact; or sexually oriented gestures, pictures, jokes or statements.

If you believe that you are the victim of discriminatory or harassing conduct or you have witnessed such conduct directed at one of your colleagues, you are encouraged to report that conduct to your supervisor or, if that is not appropriate, call the Human Resources Department. All complaints made in good faith will be investigated promptly and without reprisal to the person initiating the investigation. Therefore, it is imperative that you report all such conduct as soon as possible. To the extent possible and consistent with ML Macadamia Orchards, L. P.'s obligations under law and ML Macadamia Orchards, L. P. policy, ML Macadamia Orchards, L. P. will maintain the confidentiality of anyone reporting a complaint. After an investigation is completed, disciplinary action, if appropriate, will be taken up to and including termination of persons found to have engaged in prohibited discriminatory or harassing conduct

B. We Respect the Privacy of Employee Records

ML Macadamia Orchards, L. P. recognizes that privacy is important to each of us. ML Macadamia Orchards, L. P. therefore limits access to and knowledge of employee records to people who need the information for legitimate purposes.

If you have access to employee records or personnel information about co-workers, take precautions to ensure it isn't misused or disclosed improperly. You should not disclose such information without the authorization of the Director of HR. In addition, observe all applicable laws regarding employee information, including those regarding information gathering, those requiring maintenance of records for a specific time and at a specific location.

C. We Work to Ensure a Safe Work Environment

ML Macadamia Orchards, L. P. is committed to making the work environment safe and healthy for its employees and others and to complying with all applicable laws and regulations relating to safety and health in the workplace. Information is made available to employees about procedures that are in place to protect them from generally recognized workplace hazards. It is our policy to report and address dangerous conditions immediately so that workplace accidents are minimized. It is also our policy to comply with all applicable regulations and policies of the Occupational Safety & Health Administration, as more fully described in ML Macadamia Orchards, L. P.'s policies.

In day-to-day operations, ML Macadamia Orchards, L. P. is committed to integrating safety, health and ergonomics into design, manufacturing, installation, use, maintenance and service of products.

To help ensure a safe and healthy work environment, ML Macadamia Orchards, L. P. prohibits certain activities. Examples include:

- ∞ Any unsafe work practice that creates a dangerous work environment for any person, including the employee, contractor, etc., who engages in the unsafe work practice. If the unsafe work practice is partially or wholly attributable to lack of equipment to perform the task properly and safely, any employee or contractor who obtains knowledge of such condition must promptly report it to his or her supervisor or other manager in a position to take corrective action. Further, work should be suspended until the unsafe work condition has been removed
- ∞ Threatening or violent behavior or even the suggestion of such behavior toward others, including co-workers, customers and suppliers.
- ∞ Possession of firearms, explosives or other weapons anywhere on company property, or while conducting company business (except for limited hunting activities to control pig population, only when approved in advance by ML Macadamia's VP of Operations);
- ∞ Willful destruction of company property or the property of others.

To report environmental, health and safety incidents, please call our Human Resources Department.

D. Illegal Drugs Have No Place at ML Macadamia Orchards, L. P.

ML Macadamia Orchards, L. P. is committed to a drug-free workplace. The misuse of drugs, both legal and illegal, interferes with a safe, healthy and productive work environment and is prohibited. Specifically, ML Macadamia Orchards, L. P. prohibits the use, possession, distribution or sale of illegal drugs by its directors, officers and employees. Furthermore, no director, officer or employee may conduct ML Macadamia Orchards, L. P. business while under the influence of drugs or alcohol.

VI. Promoting ML Macadamia Orchards, L. P.'s Interests and Protecting ML Macadamia Orchards, L. P.'s Assets

A. Conflicts of Interest

ML Macadamia Orchards, L. P.'s policy on conflicts of interest requires directors, officers and employees to avoid situations in which their personal interests might conflict, or appear to conflict, with the interests of ML Macadamia Orchards, L. P. Conflicts of interest may arise in many types of situations, such as when an individual's financial or other outside interests produce conflicting loyalties, interfere with job performance, or are adverse to the interests of ML Macadamia Orchards, L. P. The following information should serve as a guide to potential conflict of interest situations.

It is ML Macadamia Orchards, L. P.'s policy that officers and employees do not:

1. Influence, either directly or indirectly, ML Macadamia Orchards, L. P.'s dealings with any customer, supplier or channel partner with whom you have a personal, familial or financial relationship;
2. Work for, represent or favor for personal reasons, a customer, supplier or channel partner in its dealings with ML Macadamia Orchards, L. P.;
3. Enter into unauthorized business relationships with competitors. Accordingly, officers and employees may not own a competing business or assist any unauthorized person outside ML Macadamia Orchards, L. P., including family or friends, in the planning, design, manufacture, sale, purchase, installation or maintenance of products that compete or could compete with ML Macadamia Orchards, L. P.'s products or any work performed by ML Macadamia Orchards, L. P.; accept any "friends and family" stock or stock option grants or receive compensation in connection with serving on an "advisory board" from a supplier, customer or channel partner with whom you conduct business on behalf of ML Macadamia Orchards, L. P.;
4. Receive securities from any underwriter or other financial institution (e.g., receive an allocation of shares of stock in a public offering conducted by another company) in connection with or in exchange for ML Macadamia Orchards, L. P.'s use of that underwriter

- or financial institution for investment banking or other services. This prohibition applies not only to officers and employees, but also to directors;
5. Have a financial interest in privately-held suppliers, customers or channel partners (or own more than a de minimis percentage of a public entity) with whom you conduct (or can reasonably expect to conduct) business on behalf of ML Macadamia Orchards, L. P.;
 6. Use ML Macadamia Orchards, L. P.'s name, information, property, time or other resources to perform outside activities such as a second job or volunteer, political or community activities not specifically sponsored or approved by the company. These activities must always be kept separate from your duties for ML Macadamia Orchards, L. P.; or
 7. Accept a position on a Board of Directors without referring to and complying with ML Macadamia Orchards, L. P.'s policy.

As noted, conflicts of interest may arise in a variety of situations, some of which involve family members. It is ML Macadamia Orchards, L. P.'s policy that ML Macadamia Orchards, L. P. employees must avoid not only financial relationships or other situations between themselves and other businesses that could result in conflicts of interest, but also circumstances in which their immediate family members are involved in such financial relationships or situations. This does not mean that an employee's family members are prohibited from being employed by one of ML Macadamia Orchards, L. P.'s customers, competitors or suppliers. It does mean, however, that the employee must refrain from transacting ML Macadamia Orchards, L. P. business with those family members until he or she raises the issue with his or her supervisor.

In addition to the above, it is ML Macadamia Orchards, L. P.'s policy that directors comply with ML Macadamia Orchards, L. P.'s Corporate Governance Guidelines, which include provisions relating to conflicts of interest.

Because *Doing Business with Integrity* cannot cover every possibility, employees should raise questions about potential conflicts of interest with their supervisor, management or ML Macadamia Orchards, L. P. Law. Before proceeding with an activity that may create a conflict of interest, an employee must obtain written approval from his or her supervisor. Also, if circumstances change, either with respect to ML Macadamia Orchards, L. P.'s or an employee's outside interest, and such circumstances create a conflict of interest, the employee may be required to cease the outside business interest or activity. The Company will review each situation and a determination shall be made as to whether a conflict of interest exists or may arise from such a situation.

B. Gifts and Entertainment

It is ML Macadamia Orchards, L. P.'s policy that directors, officers and employees should not seek, accept or provide, directly or indirectly, gifts, entertainment or other favors of the type or amount that go beyond common courtesies consistent with ethical and accepted business practices. ML Macadamia Orchards, L. P. expects its directors, officers, employees and agents to avoid even the appearance of a conflict of interest. Accordingly, cash payments are strictly prohibited.

As a general rule, you can accept a gift from non-governmental customers, suppliers or business partners if it's unsolicited, inexpensive and not given to influence your judgment. Otherwise, you should decline the gift and explain ML Macadamia Orchards, L. P.'s policy to the gift-giver. Employees should consult their supervisor if there is any question about a gift.

Employees may provide reasonable (not lavish) entertainment and meals to nongovernmental customers, suppliers or other business partners, provided that the entertainment is related to a proper business purpose, that the entertainment is not being offered to influence the recipient's business decision, and that such entertainment is permitted under applicable laws, regulations, and rules. Similarly, you should consult your supervisor before accepting an invitation for entertainment that seems lavish or excessive.

Gifts and entertainment for officials and employees of governments, whether in the U.S. or elsewhere, are highly regulated and often prohibited. It is ML Macadamia Orchards, L. P.'s policy that employees and agents should never provide government officials with gifts, entertainment or

meals, or cover travel-related expenses of such officials, without satisfying all applicable company policies and procedures for such payments.

Consistent with applicable laws and company policy, improper payments or gifts provided to government officials in order to obtain or retain business for ML Macadamia Orchards, L. P. are strictly prohibited

C. Report Financial Information Accurately and in a Timely Manner-in Accordance with SEC Regulations, GAAP and ML Macadamia Orchards, L. P.'s Accounting Policies

It is ML Macadamia Orchards, L. P.'s policy that there be full, fair, accurate, complete, objective, timely and understandable disclosure in all reports and documents that ML Macadamia Orchards, L. P. files with, or submits to, the Securities and Exchange Commission, any other government agency or self-regulatory agency, and in other public communications made by ML Macadamia Orchards, L. P. This standard of integrity applies to reports and documents that are used for internal purposes as well. These obligations apply to the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer, the Controller and any other employee with any responsibility for the preparation and filing of such reports and documents, including drafting, reviewing, and signing or certifying the information contained in those reports and documents (each is a "Financial Reporting Person").

In light of the above policy and in addition to the other sections of this Code of Conduct, if you are a Financial Reporting Person:

- ∞ When analyzing actual or apparent conflicts of interest, you are required to observe both the form and spirit of technical and ethical accounting standards;
- ∞ To ensure that disclosure is accurate and complete, it is your responsibility to familiarize yourself not only with the disclosure requirements applicable to ML Macadamia Orchards, L. P., but also with ML Macadamia Orchards, L. P.'s business and financial operations; and
- ∞ If you act in a supervisory role, you should not accept at face value information that is presented in documents and reports submitted to you for approval - you are responsible for critically analyzing all financial information that is to be disclosed.

1. Internal Controls

In addition to the above policy, federal law requires that ML Macadamia Orchards, L. P. devise and maintain a system of internal accounting controls sufficient to provide reasonable assurance that:

1. transactions are executed in accordance with management's general or specific authorization;
2. transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles; and
3. transactions are recorded as necessary to maintain accountability for assets. It is our policy that documents not be falsified. Signatures should be dated as of the date when the document is signed.

2. Side Letters

There should be no undocumented or improperly approved side agreements with vendors or customers. For example, if a customer's obligation to pay is contingent, that contingency should be set forth in writing. All side agreements to a written contract should be referenced in the contract. Shipping documentation should accurately reflect the date of shipment and the location.

Documentation should clearly indicate if ML Macadamia Orchards, L. P. products are being shipped to a location other than the customer's place of business or another site specified by the customers. The documentation must be provided to the appropriate recipient in a timely fashion. Individuals who do not comply with these requirements or the other requirements set forth in ML Macadamia Orchards, L. P.'s Accounting Policy may be disciplined, up to and including dismissal.

Questions about requirements for financial reporting, including revenue recognition rules, may be directed to the Chief Financial Officer, and you should review ML Macadamia Orchards, L. P.'s Accounting Policy for more information. Moreover, if you have concerns about Accounting Policy practices or would like to report in good faith suspected policy violations, you should follow the instructions set forth below under the section called "Managing Compliance and Reporting Violations -- Reporting Code of Conduct, Accounting Policy and Other Violations."

D. Obtain Proper Authorization Before Entering Into Commitments on Behalf of ML Macadamia Orchards, L. P.

ML Macadamia Orchards, L. P. empowers its employees to enter into different types of commitments on behalf of the company. However, ML Macadamia Orchards, L. P. has also adopted detailed guidelines that specify (based on organization and level) which employees are empowered to commit ML Macadamia Orchards, L. P. to specific undertakings. These guidelines should be checked before signing any document on behalf of ML Macadamia Orchards, L. P. Remember, the obligation to check is yours; our suppliers and customers are not required to know if you are empowered to sign a given document.

E. Safeguard ML Macadamia Orchards, L. P.'s Funds and Property

We are all responsible for safeguarding and making proper and efficient use of company funds and property by following procedures to prevent their loss, theft or unauthorized use. Company funds and property include: company time; cash, checks, drafts and charge cards; documents and information; land and buildings; records; vehicles; equipment, including fax machines, copiers, and telephones; computer hardware, software, e-mail and Internet access; scrap and obsolete equipment; and all other funds and property. ML Macadamia Orchards, L. P. Security procedures should be followed to protect company computers, networks and the data they contain against unauthorized access, use, modification, disclosure or destruction.

Here are some ways to protect company funds and property:

- ∞ Make sure expenditures are for legitimate business purposes and in accordance with corporate policies;
- ∞ Keep accurate and complete records of funds spent; and
- ∞ Use corporate charge cards or calling cards only for business purposes or as specified in company instructions. (Personal use of company funds and/or property is grounds for dismissal.)
- ∞ Actual or suspected loss, damage, misuse, theft, embezzlement or destruction of company funds or property should be reported immediately. Stealing company funds or property or otherwise violating this policy will result in discipline, up to and including dismissal. The company may also refer the matter to federal, state and or local authorities for prosecution and seek restitution and other available remedies against violators of this policy.

F. Use ML Macadamia Orchards, L. P. Internet and E-Mail Access Responsibly

Internet and e-mail access and usage are provided to ML Macadamia Orchards, L. P.'s employees primarily for company business use. Like your computer, any software and other technology you have access to in order to perform your job, as well as messages sent and/or received on them, are company property. Non-business use of these resources must be governed by good judgment and restraint, and must be limited to non-work time. Management will limit non-business usage if it interferes with the productivity of individual employees or the overall availability of network and computing resources. If you are unsure whether your Internet or e-mail usage is appropriate, you should discuss this matter with your supervisor.

Use of ML Macadamia Orchards, L. P.'s electronic resources, whether in the office or at home, is not private. The company has the right to monitor individual use of network services, including visits to websites and individual e-mail, at the company's sole discretion and without notice. Such monitoring may extend to individuals using their personal computers to access the ML Macadamia

Orchards, L. P. network (for example, through ML Macadamia Orchards, L. P. remote access). The company may access, retrieve, read, delete and/or disclose all messages sent, received or stored via or on these systems.

G. Never Utilize ML Macadamia Orchards, L. P. Computing and Networking Resources to Access or Disseminate Sexually Explicit Material or Other Content Inconsistent with ML Macadamia Orchards, L. P. Values

ML Macadamia Orchards, L. P.'s computers and network resources should never be used in any way that is disruptive or offensive to others or to access, download or disseminate:

- ∞ Sexually explicit content including images, messages or cartoons; any conversation that contains or refers to ethnic slurs, racial epithets or anything that may be construed as harassment or disparagement of others based on race, color, religion, national origin, sex, age, disability, sexual preference or orientation, marital status or any other unlawful factor; slanderous/libelous content;
- ∞ Threatening or harassing messages or chain letters;
- ∞ Content of an illegal nature, such as software that you are not licensed to use; or
- ∞ Other content that could be construed as hostile or inconsistent with ML Macadamia Orchards, L. P. values.

Those who use ML Macadamia Orchards, L. P. resources to access, download or disseminate any such material or content are subject to discipline, up to and including dismissal. Employees who question whether a particular site is prohibited should check with their management.

H. Follow ML Macadamia Orchards, L. P.'s Intellectual Property Policies

1. Protect ML Macadamia Orchards, L. P.'s Intellectual Property Assets Such as Copyrights, Trademarks, Service Marks, Patents and Trade Secrets

One of ML Macadamia Orchards, L. P.'s important obligations to its shareholders is to safeguard ML Macadamia Orchards, L. P.'s assets, and it is in ML Macadamia Orchards, L. P.'s best interest to do so. This means that in addition to protecting ML Macadamia Orchards, L. P.'s physical property, we must safeguard its intellectual property such as proprietary information, trademarks, service marks, patents, copyrights and goodwill. Various national and international laws and treaties govern the manner in which intellectual property rights are created, maintained and protected. In many instances, this requires the filing of documentation with governmental authorities.

Intellectual property developed by ML Macadamia Orchards, L. P.'s employees within the scope of their employment - even if developed on their own time - is the sole and exclusive property of ML Macadamia Orchards, L. P. You must maintain the confidentiality of such intellectual property at all times. The use of the intellectual property for non-ML Macadamia Orchards, L. P. purposes without the express written consent of your management is not permitted.

2. Safeguard the Confidentiality of ML Macadamia Orchards, L. P.'s Proprietary Information

In today's highly competitive, global marketplace, protecting ML Macadamia Orchards, L. P.'s proprietary information and other intellectual property can mean the difference between success and failure.

Proprietary information is information or knowledge that ML Macadamia Orchards, L. P. has determined should not be disclosed to others, except as required by law or permitted by company policy, because doing so could disadvantage ML Macadamia Orchards, L. P. competitively or financially; because the information could violate the privacy rights of employees, customers, suppliers, channel partners, joint venture partners or ML Macadamia Orchards, L. P.; or because the information belongs to others and we have agreed to keep it private. When there is a legitimate

business need to disclose such information outside ML Macadamia Orchards, L. P. or where disclosure is sought by legal process, a nondisclosure agreement should be executed with the third party receiving the information (if you need a nondisclosure agreement, you should contact the Chief Financial Officer of ML Macadamia Orchards, L. P. Otherwise, ML Macadamia Orchards, L. P.'s confidential or proprietary information shall not be disclosed, even after your employment with ML Macadamia Orchards, L. P. ceases).

Proprietary and confidential information includes, but is not limited to, information about:

- ∞ ML Macadamia Orchards, L. P.'s research and development, such as inventions, patent applications (e.g., patents which have not been issued yet or have not been published), and engineering and laboratory notebooks;
- ∞ employee records;
- ∞ Confidential manufacturing processes or know-how; business strategies, business results, unannounced products, marketing plans, pricing and financial data;
- ∞ Non-public information and confidential organizational information including personnel information such as salaries, job assignments and performance appraisal results.

Ensure that proprietary information is protected from theft, unauthorized disclosure or inappropriate use. Always store such information in a safe place and follow security procedures for the computer systems you use. In addition, use common sense to help prevent accidental disclosure of proprietary information. Remember that you can be overheard in public places such as airplanes, elevators and restaurants. Don't discuss ML Macadamia Orchards, L. P.'s proprietary information with family or friends; they may not understand its significance and may inadvertently pass it to someone who shouldn't have it. Also, don't discuss it in on-line forums (public or private), including bulletin boards and chat rooms.
